### **Picnicking by the river.**

*So did you spend any time down in that valley by the lime quarry?*

Oh yes we always had picnics down there like, and my children, we always used to go there to swim in the rivers and that, and you'd always have a picnic there, all the time during the summer holidays, and my wife and all the farmers around here, all the kiddies, they'd all meet down there by the river.

*Did you play in the pool, Meldon Pool?*

No, he was 100 feet deep so you didn't want to go into that one at all.

*A bit scary?*

Yes a bit scary, but there is a lot of people do go in there.
